**RE: Extension of Closure Period  
Albuquerque Service Center**

Dear Mr. Herrin:

On October 12, 1993, the Hazardous and Radioactive Materials Bureau (HRMB) received your request to extend the closure period beyond 180 days for completing remediation activities for closure of the Safety-Kleen Albuquerque Service Center. We understand that a closure plan amendment request and schedule for implementing the final stages of closure will be submitted to this office on or before November 10, 1993. The HRMB will process the plan and implementation schedule upon receipt. The HRMB will evaluate the specific period of time proposed by Safety-Kleen to complete all remaining closure activities and approve an extension based on reasonable justifications.

Please contact Marc Sides of my staff at (505) 827-4308 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Hoditschek".

Barbara Hoditschek, RCRA Permits Program Manager  
Hazardous and Radioactive Materials Bureau
