CERTIFIED MAIL RETURN RECEIPT REQUESTED

Ms. Barbara Hoditischek, Manager
RCRA Permit Program
State of New Mexico
Environment Department Harold Runnels Building
1190 St. Francis Drive, P.O. Box 26110
Sante Fe, New Mexico 87502

RE: NMD980698849
Safety-Kleen Corp.
Farmington NM.
Class I Modifications

Dear Ms. Hoditscheck:

In response to your letter of August 23, 1993 which was received by me on September 9, 1993, the following should address your requests in the letter:

1. We are enclosing the disc in Wordperfect 5.1 which is the October 25, 1990 version of the permit. The proposed changes are underlined on the pages shown on the disc.
2. We have also attached a copy of the old language pages highlighted and the new language underlined on pages printed from the disc.
3. A copy of the original letter dated June 25, 1993 is enclosed to identify new page numbers.
4. Referring to item#5 in the June 25,1993 letter, the changes are not to change the type of containers used for storage but to give us more flexibility in the permit to use other size of containers for the waste containers. We do typically do use certain containers but have had other states give us violations for using a different size container than what was mentioned in the permit.
5. Item #4 in the June 25, 1993 letter needs to be researched further. More information on the owner change will be submitted at a later date.

Based on the information presented here we think we have addressed all concerns in your letter.

If you have any further questions please call me at 303-322-2947.
We welcome the opportunity to answer any questions you might
have.

Sincerely,

Robert Wachsmuth
Environmental Engineer
