RE: Safety-Kleen Farmington Operating Permit
Permit #NMD980698849
Permit Modification Notice of Determination

Dear Mr. Olsen:

NMED has completed a review of the requested permit modifications and determined them to be Class I and consistent with the requirements of 20 NMAC 4.1, Subpart IX § 901.B. The requested modifications become effective when the division director signs the official approval letter, approximately seven (7) calendar days after NMED receives payment of the Permit Modification Fee required under New Mexico Hazardous Waste Fee Regulations. Fee assessed for these Class I Permit Modifications is \$1,000 which must be submitted within thirty (30) days of the receipt of this Notice of Determination.

If you have any questions about the modifications or the permit contact Robert S. (Stu) Dinwiddie of my staff at 827-1561.

Sincerely,

Barbara Hoditschek
RCRA Permitting Program Manager
