**RE: RETURN OF PAYMENT
CLASS 1 PERMIT MODIFICATION (WITH PRIOR APPROVAL), SAFETY-KLEEN SYSTEMS, INC.,
FARMINGTON CENTER, NEW MEXICO
EPA ID Number NMD000804294
HWB-SKFA-21-MISC**

Dear Mr. Dolk:

The New Mexico Environment Department (NMED) received a request for a permit modification to modify the Safety Kleen Farmington Center Resource Conservation and Recovery Act Hazardous Waste Storage Permit Closure Plan along with other proposed changes, submitted by the Owner/ Operator, Safety-Kleen Systems, Inc., (the Permittee), on October 12, 2021. A check for \$6,500.00 (check number 2077782) corresponding to a payment for a Class 1 Permit Modification (with prior approval) was included with the permit modification request.

NMED has not yet processed the permit modification request and cannot accept payment at this time. The Hazardous Waste Permit and Corrective Action Fee regulations at 20.4.2.201.B(2)(b) NMAC state that NMED will invoice the owner or operator, "[a]fter an application is deemed administratively complete, in the case of application and permit modification fees under Table 2 of 20.4.2.205 NMAC and Table 4 of 20.4.2.207 NMAC." The returned check is included as an enclosure to this letter. After NMED has determined that the permit modification request is administratively complete, it will issue a letter stating such determination. The letter will include an invoice for the appropriate fee in accordance with 20.4.2.201.B and 20.4.2.207 NMAC.
