RE: Response to Request for Supplemental Information for OU 1307 RFI Report

Dear Mr. Zamorski:

As discussed last week by Mr. John Gould of your staff and Ms. Stephanie Kruse of my staff, the extension date requested and approved for Sandia National Laboratories' response to our request for supplemental information for the RCRA Facility Investigation Report for Operable Unit 1307, *Liquid Waste Disposal System*, was incorrect. The correct date which should have been requested is January 19, 1998.

Accordingly, a time extension to January 19, 1998 is approved for the response.

Please contact Ms. Kruse at 827-1561 if you have any questions or comments.

Sincerely,

Robert S. (Stu) Dinwiddie, Ph. D., Manager
RCRA Permits Management Program
