CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. William P. Moats
New Mexico Environment Department
Hazardous and Radioactive Materials Bureau

Albuquerque, NM 87109

Dear Mr. Moats:

In Mr. Stu Dinwiddie's September 11, 1997, letter (Denial: Report of the Mixed Waste Landfill Phase 2 RCRA Facility Investigation, Sandia National Laboratories) HRMB comment numbers 66, 67, 68, 71, 72, 73 and 79 requested summary tables of laboratory and field quality control (QC) data. QC data for VOCs, SVOCs and TAL metals were requested for the MWL Phase 2 RFI borehole drilling, the MW-4 monitoring well drilling, and MWL groundwater quality data. In addition, comment 3b requested supporting documentation and data from earlier investigations at the MWL. Due to the volume of information requested, we are providing HRMB with one copy of all data and documentation, rather than provide copies to all those on general distribution for our response to the 85 HRMB comments included in Mr. Dinwiddie's letter.

Please contact me at (505) 845-6089 if you have any questions, or if any additional copies of the provided data are needed.

Sincerely,

A handwritten signature in black ink, appearing to read "John Gould".
