P.O. Box 26110  
Santa Fe, NM 87505-2100

Dear Mr. Garcia:

In the Department of Energy/Sandia National Laboratories July 8, 1998, response to the second Notice of Deficiency regarding the Tech Area 3/5 RCRA Facility Investigation Report, we proposed to submit to NMED a groundwater data report for Tech Area 3/5 by mid-December of 1998. In order to include data generated from our most recent monitor well sampling, as well as a summary comparison of the Bennett/low-flow pump results from the EPA sampling conducted in August, we propose to submit the complete data report by February of 1999.

If you have any questions, please contact John Gould at (505) 845-6089.

Sincerely,

per Michael J. Zamorski
