PETER MAGGIORE
SECRETARY

March 3, 2000

Ms. June Dreith
TechLaw, Inc.
300 Union Boulevard, Suite 600
Lakewood, Colorado 80228

Dear Ms. Dreith:

As we discussed earlier today, please prepare a work plan and detailed cost estimate for an engineering design evaluation of the proposed cover for the Mixed Waste Landfill at Sandia National Laboratories, New Mexico. This project should be assigned as a new task under the New Mexico Environment Department's General Permit Support Contract with TechLaw. We request a 45-60 day turn-around time from the time your work plan is approved.

Enclosed please find the two pertinent documents:

Deployment of an Alternative Cover and Final Closure of the Mixed Waste Landfill, Sandia National Laboratories, New Mexico; and

Attachment A: Preliminary Unsaturated Flow Modeling and Related Work Performed in Support of the Design of a Closure Cover for the Mixed Waste Landfill.

Please call me at 505/827-1558 ext. 1016 if you have any questions.

Sincerely,

Stephanie Kruse
Stephanie Kruse, Supervisor
