SUBJECT: EXTENSION OF DEADLINE FOR RESPONSE TO NOTICE OF DEFICIENCY COMMENTS
EPA ID NO. NM5890110518
TASK # SNL-02-002

Dear Ms. Boardman:

The New Mexico Environment Department (NMED) received the Department of Energy/Sandia National Laboratories (DOE/SNL) March 4, 2003 request for extension of the deadline for response to NMED's notice of deficiency (NOD) dated October 10, 2002. In your letter you explained that the extension is needed because the same DOE/SNL staff that were assigned the subject project were also involved in SNL's inspection with HWB's Compliance and Technical Assistance staff members.

In light of the above reason, NMED hereby grants the extension of the deadline for submission of the NOD response and the revised Part B permit application from March 31 to April 16, 2003. The new deadline for DOE/SNL to submit the required information is April 16, 2003.
