Mr. John E. Kieling, Program Manager  
New Mexico Environment Department  
Hazardous Waste Bureau  
Permits Management Program  
2905 Rodeo Park Road East  
Building 1

Dear Mr. Kieling:

On behalf of the Department of Energy (DOE) and Sandia Corporation, DOE is requesting an extension to the response time for the New Mexico Environment Department (NMED) letter of December 12, 2003, Notice of Deficiency (NOD): Post Closure Care Plan for the Corrective Action Management Unit, Technical Area 3, Sandia National Laboratories/New Mexico Environmental Restoration Project, June 2003 (HWB-SNL-03-025). The CAMU is authorized under the Hazardous and Solid Waste Amendments Module of the Resource Conservation and Recovery Act Permit for Sandia National Laboratories/ New Mexico (EPA ID No. NM5890110518). The NOD was received on December 22, 2003 and required a response within 60 days of the date of the letter, resulting in a response date of February 10, 2004.

Due to the intervening holiday break and due to the need to prepare significant new information in response to NMED comments, DOE requests that the response time be extended by sixty (60) days, with a new delivery date of April 9, 2004.

Thank you for your assistance in this matter. If you have any questions regarding this request, please contact Joe Estrada of my staff at (505) 845-5326.

Sincerely,

Karen L. Boardman  
Manager
