Dear Mr. Kieling,
attached please find a pdf file with my signed comment as a citizen. I was present at the May 25, 2006 Public Dialog meeting from mid-morning till noon. Whereas some employees of GRAM, Inc. (a company that I own) have been involved in the technical work performed on the MWL Project, I have not performed any of the work. My comment is based on the published information and participation in a couple of Public Meetings on the subject.
Thank you,
Krishan K. Wahi
