Subject: Request for RCRA Part B comment period

February 8, 2008

This letter is to request that: NMED should grant a further extension to the comment period, past February 8, 2008 for the Draft Resource Conservation and Recovery Act (RCRA) RCRA Part B Permit for Sandia National Laboratories (SNL) (Draft Permit).

ASNL submitted 488 pages of comments on the Draft Permit. Citizen Action would appreciate additional time to review the comments and state our position with respect to those comments. This is especially necessary because SNL has not provided the public with an informational meeting prior to submission of the Draft Permit.

Thank you for your consideration.

Sincerely,

David B. McCoy, Executive Director
