Dear Messrs. McCoy and Gilkeson:

This letter is in response to your January 25, 2008, letter to the U.S. Environmental Protection Agency Region 6 (EPA) regarding our January 22, 2008, letter to you. You stated that our letter was confusing because we referred to a January 8, 2008, letter from you, although you didn't send us a letter on that day. Your letter has been referred to me for response.

Our January 22, 2008, letter to you was in response to an undated letter which we received from you on January 8, 2008. This letter raised various issues regarding the Sandia National Laboratory (SNL), New Mexico, Mixed Waste Landfill (MWL). A total of fifteen identical copies of the letter were signed and sent to EPA Region 6 by various individuals.

You have previously expressed your concerns about the MWL in various written, email, and voicemail correspondence to EPA Region 6 and we have provided several written responses to your concerns. Please refer to our prior correspondence for more information. If you have additional questions, please contact Ashley Phillips of our Office of Regional Counsel at (214) 665-7121.

Sincerely,

A handwritten signature in black ink that reads "Kathryn A. Thomas".

Project Officer
