Subject: Extension Request for the Burn Site Corrective Measures Evaluation (CME) Report

Dear Mr. Bearzi:

On behalf of the Department of Energy/National Nuclear Security Administration (DOE/NNSA) and Sandia Corporation (Sandia), DOE/NNSA is requesting an extension of time to submit the Burn Site CME Report.

The extension is needed because the Burn Site CME Report cannot be completed until completion of additional site characterization as required by the Burn Site Groundwater Characterization Work Plan that was submitted to the New Mexico Environment Department (NMED) on November 23, 2009, and conditionally approved in a letter dated February 12, 2010. The work plan included a schedule that indicated that the Burn Site CME Report would be submitted to NMED on September 9, 2013. In an August 23, 2007 letter from NMED to DOE/NNSA and Sandia, NMED granted an extension for submittal of the Burn Site CME Report until September 30, 2010. Accordingly, DOE/NNSA is requesting that NMED formally approve the extension of the CME Report from September 30, 2010 to September 9, 2013 for consistency with the conditionally approved work plan.

Should you have any questions regarding this correspondence, please feel free to contact me at (505) 845-6036, or John Gould of my staff at (505) 854-6089.

Sincerely,

Kimberly A. Davis
