Subject: Re:SNL Hazardous Waste Permit

Dear Hazardous Waste Bureau Chief Kieling,

I am hoping to offer you comments with a bit more content by the end of the day but I wanted to get these two requests to you early in the day.

Citizens for Alternatives to Radioactive Dumping (CARD), Agua es Vida Action Team and Our Endangered Aquifer Working Group request a hearing on the Hazardous Waste Permit for Sandia National Laboratory and also an extension of the comment period due to the complexity of the document and the coincidence with the deadline for comments on the Long Term Monitoring and Maintenance Plan for the Mixed Waste Landfill.

Thank you for your consideration.

Sincerely, Janet Greenwald
Co-coordinator, CARD
