Hazardous

Mr. Kieling:

We are writing this letter to express our concerns regarding the Kirtland Air Force Base jet fuel spill, Sandia National Laboratories contamination of our aquifer and our drinking water from the Rio Grande River.

We believe it is very important to have a hearing on the Mixed Waste Landfill so that experts can testify to the need to excavate the landfill from Albuquerque's aquifer and dispose of the wastes in a safe and legal way.

Your consideration in the matter is greatly appreciated.
