NOTICE

**Sandia National Laboratories
Notification of Class 1 Hazardous Waste Permit Modifications
Operator Name Change
May 1, 2017**

On behalf of the Department of Energy (DOE)'s National Nuclear Security Administration (NNSA) and National Technology and Engineering Solutions of Sandia, LLC (NTESS), DOE/NNSA is notifying you of Class 1 modifications to both of the hazardous waste permits for Sandia National Laboratories/New Mexico (SNL/NM) (EPA ID No. NM5890110518).

The name of the Sandia National Laboratories Operator changed effective May 1, 2017 from Sandia Corporation to NTESS.

RCRA Facility Operating Permit

The Resource Conservation and Recovery Act (RCRA) Facility Operating Permit specifies requirements for the following.

- Hazardous and mixed waste storage and treatment operations at:
 - Hazardous Waste Handling Unit;
 - Thermal Treatment Unit;
 - Radioactive and Mixed Waste Management Unit;
 - Auxiliary Hot Cell Unit; and
 - Manzano Storage Bunkers (five individual units).
- Post-closure care at the Corrective Action Management Unit.
- Long-term monitoring and maintenance at solid waste management units and areas of concern for which controls are needed.

Chemical Waste Landfill Post-Closure Care Permit

The Chemical Waste Landfill Post-Closure Care Permit (PCCP) specifies requirements for post-closure care of a regulated unit that was formerly used for disposal of hazardous wastes at SNL/NM.

Summary of Permit Modifications

Each permit has been modified to update the Operator name.

Sandia National Laboratories

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology and Engineering Solutions of Sandia, LLC., a wholly owned subsidiary of Honeywell International, Inc., for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525

In accordance with New Mexico Administrative Code, Title 20, Chapter 4, Part 1, Subpart IX (20.4.1.900 NMAC) incorporating Title 40 of the Code of Federal Regulations, Part 270.42(a) (40 CFR 270.42(a)), these changes took effect on May 1, 2017.

These changes do not substantially alter the permit conditions (see 20 NMAC 4.1.900/ 40 CFR 270.42(d)(2)(i)) and do not reduce the capacity of the DOE/NNSA and NTESS to protect human health and the environment.

The DOE/NNSA and NTESS maintain an information repository that includes numerous documents related to the Permit. The index of documents (and instructions for reviewing the documents) is available at <http://www.sandia.gov/RCRA/>

Any questions regarding these permit modifications may be directed toward any of the following contacts:

Department of Energy Contact. David Rast, (505) 845-5349.

Sandia National Laboratories Contact. Anita Reiser, (505) 284-4048.

New Mexico Environment Department Contact. David Cobrain, (505) 476-6000.
