**RE: CLASS 1 PERMIT MODIFICATION AND FEE ASSESSMENT
SANDIA NATIONAL LABORATORIES/NEW MEXICO
EPA ID# NM5890110518
HWB-SNL-19-011**

Dear Mr. Harrell and Mr. Moya:

The New Mexico Environment Department (NMED) has completed review of the Sandia National Laboratories (SNL, the Facility) April 01, 2019 "*Notification of Class 1 Modifications to Resource Conservation and Recovery Act (RCRA) Facility Operating Permit, Sandia National Laboratories NM5890110518.*" The request for the Permit Modification was submitted by the Department of Energy/National Nuclear Security Administration (DOE/NNSA) on behalf of itself and the National Technology and Engineering Solutions of Sandia, LLC (NTESS) (collectively, the Permittees). The NMED received the request for permit modification on April 2, 2019.

Following review of the Permit Modification proposal, NMED has determined that it is a Class 1 Permit Modification not requiring Agency approval.

In the submittal, the Permittees proposed to make changes that reflect the updates to the rosters and contact information for personnel who serve as emergency coordinators in the Contingency Plan of their Operating Permit that was issued in January of 2015. Details of the proposed

Mr. Harrell and Mr. Moya
May 8, 2019
Page 2

permit modifications can be found in the attached redline/strikeout pages from Permit Attachment D (Contingency Plan), Tables D-7, D-9, and D-13.

The Permittees must incorporate copies of the attached modified Attachment D Tables D-7, D-9, and D-13 into the appropriate sections of the Operating Permit upon receipt of this letter.

Since the Permit Modification is a self-implementing change that does not require approval from NMED, the Permittees must, pursuant to 40 CFR §270.42(a)(ii), send out a notice of the Permit modification to all persons on the Facility mailing list previously received from the NMED. This notification must be made within 90 calendar days after the change is put into effect.

Further, the New Mexico Hazardous Waste Management Fee Regulations 20.4.2 NMAC require assessment of fees when administrative review of a document is complete. NMED has attached an invoice to this letter. Payment of the fees is due within sixty (60) calendar days from the date that you receive the invoice.

If payment is by check, then you must provide the invoice number on the check. If payment is transmitted electronically, then you must submit a letter to Mr. Brian Holton, NMED Hazardous Waste Bureau, indicating the invoice number, payment amount, and the assessed activity prior to transferring funds.

Should the Permittees need to request an extension of the sixty-day period the request must be submitted at least seven days prior to the end of the sixty-day period. Should the Permittees disagree with the fee assessed you may file an Administrative Appeal under the provisions of 20.4.2.302 NMAC.

If you have any questions regarding this correspondence, please contact Cornelius Amindyas of my staff at (505) 222-9543.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
