**RE: CLASS 1 PERMIT MODIFICATION FEES (WITH PRIOR NMED APPROVAL)
SANDIA NATIONAL LABORATORIES/NEW MEXICO
EPA ID# NM5890110518
HWB-SNL-19-016**

Dear Mr. Harrell and Mr. Moya:

The New Mexico Environment Department (NMED, the Department) has completed review of the Sandia National Laboratories (SNL, the Facility) July 31, 2019 "Request for Modifications to Resource Conservation and Recovery Act Facility Operating Permit, Sandia National Laboratories NM5890110518." The request for Permit Modification was submitted by the Department of Energy, National Nuclear Security Administration (DOE/NNSA) on behalf of itself and the National Technology and Engineering Solutions of Sandia, LLC (NTESS) (collectively, the Permittees). The NMED received the request for permit modification on August 5, 2019.

In the submittal, the Permittees proposed to make changes to Permit Attachments A,D,F,H,K, and L. Details of the proposed permit modifications were indicated in the redline/strikeout and revised documents in the 3 Enclosures that the Permittees attached to the permit modification request cover letter.

Mr. Harrell and Mr. Moya
September 24, 2019
Page 2

Following review of the Permit Modification request, NMED has determined that the proposed modification request is administratively complete and the modifications are collectively a Class 1 Permit Modification requiring prior approval from the Department.

The New Mexico Hazardous Waste Management Fee Regulations 20.4.2 NMAC require assessment of fees when administrative review of a document is complete. NMED has attached an invoice to this letter.

NMED will make a final determination on the Permit modification request after the appropriate fees have been received. Payment of the fees is due within sixty (60) calendar days from the date that you receive the invoice.

If payment is by check, then you must provide the invoice number on the check. If payment is transmitted electronically, then you must submit a letter to Mr. Brian Holton, NMED Hazardous Waste Bureau, indicating the invoice number, payment amount, and the assessed activity prior to transferring funds.

Should the Permittees need to request an extension of the sixty-day period the request must be submitted at least seven days prior to the end of the sixty-day period. Should the Permittees disagree with the fee assessed you may file an Administrative Appeal under the provisions of 20.4.2.302 NMAC.

If you have any questions regarding this correspondence, please contact Cornelius Amindyas of my staff at (505) 222-9543.

Sincerely,

A handwritten signature in black ink, appearing to read "John E. Kieling" with a stylized flourish at the end.

John E. Kieling
Chief
Hazardous Waste Bureau
