

NOTICE

Sandia National Laboratories Notification of Class 1 Modifications Resource Conservation and Recovery Act Facility Operating Permit October 31, 2019

The Department of Energy (DOE)'s National Nuclear Security Administration (NNSA) and National Technology & Engineering Solutions of Sandia, LLC (NTESS) are notifying you of Class 1 modifications to the Resource Conservation and Recovery Act (RCRA) Facility Operating Permit (Permit) for Sandia National Laboratories/New Mexico, EPA ID No. NM5890110518.

Permit Attachment D is a contingency plan for emergency response at each hazardous and mixed waste management Unit included in the Permit. The DOE/NNSA and NTESS have modified the plan in the Permit to update the names and contact information in the rosters of personnel who can serve as emergency coordinators. The affected Units are:

- Hazardous Waste Handling Unit.
- Radioactive and Mixed Waste Management Unit.
- Manzano Storage Bunkers, five Units

In accordance with New Mexico Administrative Code, Title 20, Chapter 4, Part 1, Subpart IX (20.4.1.900 NMAC) incorporating Title 40 of the Code of Federal Regulations, Part 270.42(a) (40 CFR 270.42(a)), these changes took effect on October 31, 2019.

These changes do not substantially alter the permit conditions (see 20 NMAC 4.1.900/ 40 CFR 270.42(d)(2)(i)) and do not reduce the capacity of the DOE/NNSA and NTESS to protect human health and the environment.

The DOE/NNSA and NTESS maintain an information repository that includes numerous documents related to the Permit. The index of documents (and instructions for reviewing the documents) is available at <http://www.sandia.gov/RCRA/>

Any questions regarding these permit modifications may be directed toward any of the following contacts:

Department of Energy Contact: David Rast, (505) 845-5349.

Sandia National Laboratories Contact: Anita Reiser, (505) 284-4048.

New Mexico Environment Department Contact: David Cobrain, (505) 476-6000.
