Dear Mr. Pache:

Our consultants, Harding Lawson Associates (HLA), have prepared and are submitting directly to you a revised Closure Plan and Post-Closure Care Plan.

The Closure Plan and Post-Closure Care Plan have been revised to address only those aspects of closure relating directly to the pond and sump areas and the drum storage areas. Remedial investigations will be addressed in later reports which will be made available to you.

HLA has provided comments addressing specific questions raised in your "Notice of Incompleteness" dated September 26, 1985 (copy of letter attached). These comments are as follows:

Closure/Post-Closure

- Page 19, Paragraph 2:

An impervious cover will be provided (Section V of Closure Plan). Post-closure care is provided for in the Post-Closure Care Plan in accordance with 206.D.10.f. Ground-water monitoring is provided in accordance with 206.D.1 in Section F of the Post-Closure Plan.
