RE: NMD083212332 Sparton Technology, Inc.

Dear Ms. Prince

Enclosed is the Comprehensive Groundwater Monitoring Evaluation Report for Sparton Technology, Inc. Please note there is one Class I violation and eleven deficiencies. Suzanne Moore-Mayne discussed the violation with Tanga Winkle in view of the upcoming Post Closure Permit for Sparton. Since the Class I violation will be corrected with the Post Closure Permit (going to public notice on October 20, 1989), Ms. Winkle indicated that a Notice of Violation would not be necessary.

If you have any questions or need additional information, please contact Suzanne Moore-Mayne at (505) 827-0170.

Sincerely,

*Suzanne Moore-Mayne*
