RE: Time Extension for Submission of the Final RFI Report

Dear Mr. Mico:

After careful review of the explanations and proposals presented by Sparton Technology (Sparton) at the October 17, 1989, meeting between representatives of Sparton and Region 6, I grant an extension to the RCRA Facility Investigation schedule set out in the Administrative Order on Consent previously entered into between the parties. The extension will be in accordance with, and subject to, the conditions described in the November 22, 1989, letter to you from Guy Tidmore of my staff.

While we are encouraged by the increased commitment to the timely completion of this project exhibited by Sparton, we remain concerned that the actions sometimes do not mirror this stated commitment. It is our hope that we can work together in the future to assure that the investigation and the subsequent corrective action can be completed under an expeditious schedule.

If you have any questions regarding the schedule, please contact Guy Tidmore or Bobby Williams of my staff at (214) 655-6480 or Mark Peycke of the Office of Regional Counsel at (214) 655-2120.

Sincerely yours,

W.K. Davis
