Santa Fe, NM 87502

DXII

Dear Ms. Collins:

Mr. Vincent Malott of EPA Region 6 will observe and split samples during our groundwater sampling program. This sampling event will take place on September 22 and 23, 1992 to accommodate Mr. Malott's schedule and will involve the wells in our Alternate Groundwater Monitoring Program.

Sparton Technology, Inc. requests that NMED allow us to use the results of this sampling event for our 4th Quarter Assessment Report. This would save us the time and expense involved in resampling and analysis for wells we would normally sample on October 5 and 6, 1992 for the 4th Quarter Assessment Report.

If you have any questions, please call John Wakefield or myself at (505) 892-5300.

Sincerely,

SPARTON TECHNOLOGY, INC.

Richard D. Mico
