Mr. Richard D. Mico  
Vice President and General Manager  
Sparton Technology, Inc.  
4901 Rockaway Blvd., SE  
Rio Rancho, New Mexico 87124-4469

Dear Mr. Mico:

I am in receipt of your letter dated September 3, 1992, requesting a clarification from NMED which would allow Sparton to take groundwater samples on September 22-24, 1992, instead of October 5-7, 1992, for their 4th Quarter Assessment Report. In reviewing your request and in discussion with Ms. Collins, the Hazardous and Radioactive Materials Bureau has no objection to this request in view of the Sparton's efforts to conduct the sampling activities concurrent with Mr. Malott's visit.

If there are any question, please contact Ms. Collins or myself at (505) 827-4308 or 4313.

Sincerely,

A handwritten signature in cursive script, appearing to read "Edward L. Horst".

Hazardous and Radioactive Materials Bureau
