Re: Sparton Technology document review

Dear Susan:

Per our phone discussion this morning, Dan Dolan anticipates needing only a couple of hours. He mainly wants to look at the site remediation plan and will not need copies of documents. His first choice for scheduling is Tuesday, 9/29, at 9:30A; next is Monday, 10/5, at 9:30.

Please let me know what you can arrange as soon as possible, preferably, today or early Monday. Thank you for your help and for returning my call so promptly. Thank you.

Yours truly,

Priscilla Remke
Legal Assistant
