Dear Mr. Mico:

This letter is being sent in response to an April 6, 1993 telephone discussion between John Wakefield of Sparton Technology, Inc. and Ronald Kern of the Hazardous and Radioactive Materials Bureau (HRMB).

HRMB inquired about documents certifying recent repairs to the cap over the ponds and sump. Mr. Wakefield stated that appropriate documents and photographs had been sent previously to HRMB. HRMB has not received a copy of this documentation. Please forward a copy of the original documentation and photographs to me at the address listed below:

Sincerely,
