RE: Post-Closure Permit Application Guidance

Dear Mr. Metzner:

As we discussed last week enclosed are select guides to assist you in preparing the post-closure permit application for Sparton Technologies. The enclosed documents include: a memorandum from the EPA regarding Post-Closure Permit Part B Requirements; a RCRA Guidance Manual regarding closure and post-closure care standards and Subpart H cost estimating requirements; and Region III and IV Post-Closure Permit Applications Checklists.

Please call me at (505) 827-4308 if you have any questions on the enclosed information. The RCRA/Superfund Hotline can be reached at 1-800-424-9346 for a complete list of guidance documents that may be available on preparing Post-Closure Permit Applications.

The Post-Closure Permit Application for Sparton Technologies is currently due by August 31, 1994. Any extensions of time requested to submit the application should be in writing and explain the reasons for any extra time necessary.

Sincerely,

Marc Sides

Marc Sides, IPA
