Dear Mr. Mico:

This letter is in response to Sparton Technology's (ST) September 28, 1994 request to postpone the October 3, 1994 scheduled fourth quarter Alternate Groundwater Monitoring Program (AGMP) sampling event. The Hazardous and Radioactive Materials Bureau (HRMB) understands that this postponement is requested so that groundwater sampling can be conducted to coincide with a U.S. EPA split sampling event proposed for later in October.

HRMB approves ST's request for postponement of the fourth quarter AGMP groundwater sampling event. Please provide HRMB with the revised sampling schedule as soon as ST finalizes the date(s) with U.S. EPA.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ronald A. Kern".

Ronald A. Kern, RCRA Technical Compliance Program Manager
Hazardous and Radioactive Materials Bureau
