Dear Ms. Hoditschek:

Confirming my telephone conversation with Ron Kern today, Sparton Technology, Inc. will be unable to submit its Post Closure Care Permit Application by December 1, 1994 as previously promised. While our environmental consultant, Metric Corporation, has done a fine job in providing us with a draft, we have been unable to complete our review process by this date. We are internally meeting in Albuquerque on Wednesday, December 7 to, hopefully, complete our review. I will telephone you on Thursday or Friday, December 8 or 9 with a better understanding of when we are prepared to file our application. Please bear with us; it's been a lengthy process.

If you have any questions, please feel free to give me a call at 1-800-248-9579.

Respectfully,

R. Jan Appel  
Vice President and  
General Counsel
