Dear Ms. Hoditschek:

Following up our telephone conversation on Monday, December 12, we talked to Vince Malott at Region VI in Dallas yesterday and reconfirmed our understanding that Sparton should be receiving comments before Christmas on our Corrective Measures Study submitted in November of 1992. Assuming this occurs, please accept this letter as a written request for an extension of time until January 31, 1995, by which date Sparton will file its Post Closure Care Permit Application. The extension will provide Sparton with time to consider any comments of EPA that are relevant to the proposed Post Closure Care Permit Application. If Sparton does not receive the comments of EPA before Christmas, we will contract you thereafter to discuss further scheduling of this matter.

If you have any questions, please give me a call.

Respectfully,

R. Jan Appel
Vice President and
General Counsel
