Dear Mr. Appel:

On December 21, 1994, the Hazardous and Radioactive Materials Bureau (HRMB) received your request for an extension of time to submit Sparton Corporation's Albuquerque facility Post-Closure Permit Application. Your request indicated that a due date of January 31, 1995, would be appropriate to incorporate any relevant EPA comments on the Corrective Measures Study into the Post-Closure Permit Application. Your extension request is granted.

If you have any questions or further assistance please contact Marc Sides at (505) 827-4308.

Sincerely,

Barbara Hoditschek
