Re: Sparton Technology, Inc. ("Sparton") - Post-Closure Care Permit Application

Dear Ms. Hoditschek:

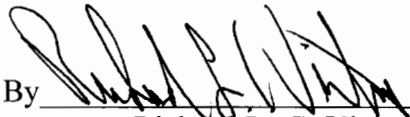

This letter follows my letter to you dated January 24, 1995 and our telephone conversations concerning filing of the above-referenced permit application.

As we have discussed, Sparton has not yet received comments from EPA on its corrective measures study. Many of the matters addressed in the application are subject to comments which EPA may have on the corrective measures study. Sparton has agreed to file a post-closure permit application no later than February 15, subject to further revision as necessary or appropriate to implement EPA's regulatory authority. If you have any questions concerning the proposed filing, please feel free to contact me.

Ms. Barbara Hoditschek
