

**MEMORANDUM**

TO: Benito Garcia, Chief, HRMB

FROM: Ron Kern, Manager, RCRA Technical Compliance Program *RAK*

DATE: June 15, 1995

SUBJECT: **Final Draft Statement of Basis for Corrective Measures  
at Sparton Technology, Inc. in Albuquerque**

As you are now aware, EPA VI has informed us that they are sending HRMB, GWPRB, Albuquerque, and ONRT the final draft Statement of Basis (SB) for the proposed Corrective Measures at Sparton Technology, Inc. in Albuquerque. I informed Vince Malott, whom is handling the investigation at EPA VI, that I would be effectively gone from the office until July 10, 1995. Therefore, to finalize the SB to go out for Public Comment, and to give me time to review the SB, I told Vince that EPA VI, HRMB, GWPRB, ONRT, etc. should tentatively meet later in July. I have attempted to contact GWPRB to firm up a meeting date for later in July.
