Re: Information Request

Dear Mr. Kern:

Pursuant to our telephone discussion today, I am writing to request the following information regarding RCRA facilities in your state at which chlorinated solvents in the ground water have been identified:

1. The name, address and agency identification number of each facility;
2. The identification (title, date and number of pages) of documents in your files that describe the size, volume and/or extent of the chlorinated solvent ground water plume;
3. The identification (title, date and number of pages) of documents in your files that describe the remedy or remedies considered and finally selected to deal with the presence of chlorinated solvents in the ground water; and
4. A brief narrative of the size, volume and/or extent of the chlorinated solvent ground water plume and the remedy or remedies considered and finally selected to deal with that contamination.

I have enclosed for your information a computer print out from the Environmental Protection Agency ("EPA") RCRIS database which was provided to me by EPA's Region VI staff.

I need this information as soon as possible. Please send me your response by facsimile at (214) 969-1751 followed by regular mail.

Appendix C

What You, as a Requestor of Records, Should Know

1. You should contact the person specified in the letter you have been sent to schedule an appointment to review the records that are being made available for your inspection. He or she, on behalf of the New Mexico Environment Department ("NMED"), will try to schedule the appointment as soon as reasonably possible and with consideration of your own time commitments. Similarly, you should realize that he or she must schedule appointments with consideration of NMED personnel availability.

2. When you come to review the records, an NMED staff person will be present to supervise your review and to help arrange for any copies that you may want. If you should want to make a large number of copies, the NMED staff person may request that the copies be made at a local copy service. If that should happen, you must make arrangements to pay the copy service directly for all copies, and NMED will make arrangements for delivery of the documents to and from the copy service. You may never take documents outside of NMED for copying. Furthermore, please do not take any documents from the files because in many instances they will be the only copy of that document in NMED's possession.

3. You may wish to ask NMED to send you copies of documents, instead of coming to NMED to review them. While NMED has no obligation to mail copies of documents, NMED tries to comply with these requests when it would not amount to a considerable burden for NMED personnel if you agree to pay for all copy charges and mailing costs. Mailing Charges will be assessed according to the Mailing Charge Schedule set forth below. Before mailing any copies to you, NMED personnel will contact you to give you an estimate of the number of copies and the corresponding charge.

4. NMED will make [15] copies for you free of charge; however, if you want to make more copies at NMED, you will have to pay thirty-five (35) cents per copy. NMED will also charge fees for any computer-generated data. Those charges will vary depending upon the type of computer involved.

5. NMED may reduce or waive the copy (and mailing) charges if such a reduction or waiver would serve the public interest. If you want a reduction or a waiver, you must ask the person who sent you the letter which accompanies these procedures.

6. All fees should be paid by check or money order made payable to the State of New Mexico. NMED cannot accept any cash.

7. If NMED has not been able to make available to you all the documents that you requested, then you have the right to request further review of your claim from the applicable Director within NMED. Kindly contact the person who sent you the attached letter to find out who that Director is. All requests for further review

should be made within thirty (30) days of your receipt of the attached letter. If you fail to request additional review within this 30-day time period, then you will lose your right to such a review; however, you may still have the right to file a lawsuit. You should consult a lawyer about your rights.

8. NMED is honoring your request with the understanding that the material requested will be used by you for a lawful purpose.

Mailing Charge Schedule

<u># of Pages</u>	<u>Cost</u>
0 - 5	\$0.29
5 - 10	\$0.52
11-25	\$1.21
26-50	\$2.36
51-200	\$2.90 (Sent by Priority Mail) ¹
201-300	\$4.10 (Sent by Priority Mail)

¹ Priority mail is cheaper than first class at the corresponding weights.
