

1/14/95 Spartan Meeting
11/19/95

operated & made printed circuit boards 66 5 to ~94
now just a small machine shop is there

fuel SI in 1983

Part A RCRA discovered GWC

AOC w/ EPA 1988 just for investigation

RI field work done 91

5/92 report RI then correction measure study (CMS)

8/95 EPA issued SOB to surprise of Spartan

EPA said SOB was based on NMED concerns

Spartan says it will take >100 yrs to clean up GW
100 yrs would cost \$40 x 10⁶

- 3 conclusions
- 5/92 RI rept ① "no signif plume movement" approved by EPA
- ② diffusion dominated because length-width ratio & upgrad dissolved phase decrease in TCE conc on & off site since 1988 P+T
- ~~③ no signif threat~~
- ③ no signif threat considered SVE as far back as 84
84, 87 & 90 shallow SV surveys
