Re: Spartan Technology - Coors Road Facility
Albuquerque, New Mexico

*sent to Mr. Kern
3/8/96*

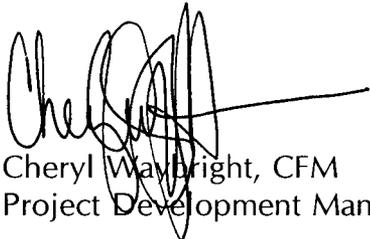

Dear Mr. Kern:

By means of this correspondence we request the results of the January, 1996, sampling for the subject property. We also request a copy of the analytical data available to the public by the end of February, 1996.

It is our intent to interpret the extent of the contamination and assess if the groundwater contamination has migrated beneath the subject property located at the NW quadrant of the intersection of Calabacillas Arroyo and Eagle Ranch Road.

Thank you very much for your assistance with this matter. Please call me at 1-800-777-5321 if you need any further information or if you require our FedEx account number to send the documents to me overnight.

Sincerely,

Cheryl Waybright, CFM
Project Development Manager
