OFFICE OF THE SECRETARY

Re: Final Administrative Order Under § 3008(H) Issued To Sparton
Technology, Inc.

Dear Mr. Coleman:

As you have been previously advised, Sparton Technology, Inc. ("Sparton") objects on several grounds to the above referenced order. Sparton's concerns are the subject of ongoing litigation in Albuquerque.

Subject to and without waiving those objections and claims we have raised and will raise in the litigation, I am writing this letter to advise you that to the extent the order is considered enforceable, I will be the project manager.

A copy of this letter is being provided to Ed Kelly with NMED.

Yours very truly,

R. D. Mico
