Albuquerque, New Mexico 87103

Re: Notice of 30-day SVE Emission Test for Permit No. 00442.

Dear Mr. Mathew:

Sparton Technology intends to conduct a 30-day test on our Coors Road Facility Soil Vapor Extraction System on Wednesday, May 6, 1998 at 2:00 pm. Gas samples will be taken at the two sampling points stipulated in our Air Quality Authority-to-Construct Permit No. 00442, e.g. SVE influent and effluent. EPA method 8260 will be used for the analysis of these 2 gas samples. Our sampling equipment will be set up so that you can take split samples if needed.

If you have any questions please feel free to call John Wakefield at 892-5300.

Sincerely,  
SPARTON TECHNOLOGY, INC.

Richard D. Mico  
Vice President and General Manager
