Re: Financial Assurance Under Consent Decree

Dear Mike:

As the Project Manager, I am working to make sure that Sparton Technology, Inc. is in a position to satisfy the financial assurance requirement of the consent decree. I have talked with Jim Harris about how to calculate the cost of the work. Based on his conversation with you, it is my understanding that we need to include the cost of the source containment system, the cost of upgrading the SVE system, the cost of operating all remedial systems for the next twelve months, the cost of any reports due during the next twelve months, and the costs of monitoring activities during the next twelve months.

I also understand that we will need to update the financial assurance every twelve months to reflect activities that will occur in the following twelve months.

Because I have not talked to you directly about this matter, I would appreciate receiving a telephone call from you to confirm my understanding as set forth in this letter is correct. My cell phone number is (505) 459-4630.

Yours very truly,

Tony Hurst
Project Manager
