RECEIVED

Re: Notification of Quarterly 2000 Ground Water Sampling

Dear Mr. Hebert:

Ground water monitoring wells that are scheduled to be sampled on a quarterly basis will be sampled starting on August 8, 2000 for EPA method 8260 for organic compounds as well as for total chromium. Ground water samples will be obtained from MW 52,57,62,65,66,68,69,71,74,75,76. In addition MW 35 will be sampled for total chromium (filtered and unfiltered).

If you have any questions, please contact me or John Rose at (505) 892-5300. Thank you for your attention to this matter.

Sincerely,

SPARTON TECHNOLOGY, INC.

*R. D. Mico*
