Re: Sparton Technology Lease

Dear Phil:

The Bureau of Reclamation has finally approved a Lease Agreement between the Village and Sparton Technology, Inc. This agreement will allow Sparton Technology to use SJCP rights to offset effects on the Rio Grande which result from pumping its well(s). I have enclosed the original for your files and will retain a copy in our files. I have also provided an original to John Utton, Sparton Technology's attorney.

I have already sent a letter to the State Engineer Office, which authorizes the OSE to credit rights to Mr. Williams. Please call me if you have any additional questions about the Lease Agreement.

Sincerely,

Carole R. Cristiano
