Dear Mr. Stranko:

It is the understanding of the Hazardous Waste Bureau (HWB) of the New Mexico Environment Department (NMED) that Mr. Richard Mico has retired as Vice President of Sparton Technology, Inc. and that you have been appointed to that position. Pursuant to §270.11(c), notification of this change must be submitted to NMED prior to, or together with, the submission of any reports, information, or applications.

The Part A RCRA permit application submitted on September 5, 2000, currently under review by the HWB will subsequently need to be resubmitted along with a new certification page signed by you to the HWB.

Notification also needs to be provided to the HWB that Mr. John Rose is no longer the Sparton Technology, Inc. project environmental engineer and that Mr. Don Gutierrez is now employed in that capacity.
