Sparton Technology Inc. requests an extension of time for the submittal of the 2011 Annual Report. This letter serves as a formal request for an extension to June 30th 2011 for the submittal of the 2011 Annual Report.

The Consent Decree submittal requirements (for the date the report is due) do not allow for a thorough evaluation of the data collected during the 4th quarter of the GWMP. The data analysis and QA/QC requirements are such that a time extension is needed every year. Also, additional project responsibilities that SSP have taken on from Metric Corporation are creating a need for an adjustment to the proposed Annual Report schedules.

Thank you for your consideration of this request. We look forward to your response.
