RE: Status of Transwestern

The revised Corrective Action Plan is being reviewed by Susan Hoines to make sure all of the concerns that were discussed have been incorporated. Susan McMichael has requested that she be informed if the revision is acceptable as is or what changes are needed. Susan McM. will then set up a meeting with Transwestern's attorney to work out the bugs in the Administrative Order of Consent. Susan H. has committed to finish the review by the end of February.
