RE: Phase III Soil and Ground Water Assessment
Roswell Compressor Station
Transwestern Pipeline Company

Dear Bill,

Transwestern completed implementation of the Phase III assessment field activities on August 8, 1997. These activities were completed as outlined in our most recent correspondence dated June 23, 1997. Transwestern's consultants, Cypress Engineering and Daniel B. Stephens & Associates, are currently in the process of preparing a report of assessment activities and results. A copy of the report will be submitted to your office for review by October 15, 1997.

If you have any questions or comments regarding the scheduled submittal date for the report, please contact me at (713) 646-7644 or George Robinson at (713) 646-7327.

Sincerely,

Bill Kendrick
