RE: Request for Extension to letter HWB-TWP-21-003
Transwestern Compressor Station No. 9
Transwestern Pipeline Company, LLC
Roswell, Chavez County, New Mexico
NMED 1656/EPA ID No. NMD986676955; NMOCD Case # AP-125 (formerly GW-052)

Transwestern Pipeline Company, LLC (Transwestern) would like to request a 30-Day Extension for submittal of the Work Plan to Delineate Hydrocarbons in Perched Aquifer (Work Plan) for its Compressor Station No. 9 Project located in Roswell, New Mexico, requested by NMED in their March 1, 2022 "Approval with Modifications" (HWB-TW-21-003) letter.

Transwestern would also like NMED to consider a variation of the Work Plan format, outlined in Section IX of the Stipulated Final Order dated March 11, 2013. As required by Section IX and considering that site specific information has been provided in historical investigative reports, the proposed outline format of the Work Plan is attached as Attachment A for approval.

If you have any questions or comments, please do not hesitate to contact me at (281) 740-0494 or Steve Diamond (WSP USA, Inc.) at 770-973-2100, ext. 2876.

Sincerely,

Stacy Boultinghouse, PG (TX4889/LA73)
Environmental Manager
Transwestern Pipeline Company, LLC
