Handwritten note: Hazardous Waste

Dear Mr. Garcia:

It has come to my attention that a landfill, possibly slated to receive hazardous waste, is being considered for a tract in parts of Sections 4, 5, 8, and 9, T11S, R31E, near the border of Chavez and Lea Counties.

State Trust Land is located within a mile or two of the potential site. We would like to be able to determine any potential impact this project might have on State Trust Land in the vicinity. To that end, please put us on the mailing list for all notices and communications. We have not received any notices to date, and presume none have been sent. If notices have been sent previously, we would appreciate copies.

Thank you for your attention to this matter.

Sincerely,
