**RE: Request For Extension to the Notice of Deficiency for the
Proposed Triassic Park Hazardous Waste Disposal facility**

EPA ID Number: NM0001002484

Dear Mr. Gandy:

This is to acknowledge receipt of your letter to the New Mexico Environment Department (NMED), Hazardous and Radioactive Materials Bureau (HRMB) dated August 30, 1995. The purpose of your letter was to request a 16 day extension of the response period to the August 8, 1995 Notice of deficiency (NOD) for the Triassic Park hazardous waste disposal facility. In your letter you explained that you needed that additional time to better adequately respond to the questions. You also added that you need to run some additional modeling connected with the NOD.

In light of the above reason, HRMB hereby grants Gandy Marley a 16 day extension. This extension period takes effect from September 15, 1995 through September 30, 1995. NMED requires that by the end of the 16 day extension, Gandy Marley Inc., provide all the required information. If you have any questions on this matter you may call me or Cornelius Amindyas at (505) 827-1561.

Sincerely,

Barbara Hoditschek
