Re: Confirmation of Telephone Conversation Regarding NMED Comments on Montgomery Watson Letter Dated April 6, 1998 with Gandy-Marley, Inc Response to NMED Request for Supplementary Information on Triassic Park Hazardous Waste Disposal Facility Permit Application EPA I.D. #NM001002484

Dear Mr. Amindyas:

On April 17, 1998 you called to provide comments on the above referenced letter. In order to ensure that we submit accurate revision pages for the Permit Application, we wanted to confirm your comments. Summarized below are the comments that we discussed.

- 1. Comment 2A
Response is acceptable; however, the organization of the Permit may have to be explained during the public comment period.
- OK 2. Comment 6
NMED requested that we add the location map (currently Drawing 1 of Volume III) to the enlarged map that will be included in the Part A.
3. Comment 9
The response to comment 9 should be added to the test of the Permit on page 8-2.
4. Comment 11
The response to comment 12b should be added to the response to comment 11 and included in revised text of the permit.
5. Comment 14
The response to comment 14a should be added to Section 3.7.1, page 3-31, second paragraph, last sentence.

Gandy Marley should be prepared to defend, in a public meeting, the response to comment 14c.

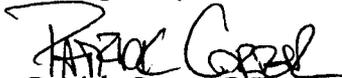

Mr. Cornelius Am...as, NMED

Based on our letter dated April 6, 1998 and on the above comments, we have prepared revised Permit pages. We understand that NMED would like two hard copies of the revision and one electronic version.

We are prepared to immediately submit the revised Permit pages, as soon as we receive your concurrence with this letter.

Regards,

Montgomery Watson Americas, Inc.
